

A SECRET."

One great secret of youth and beauty for the young woman or the mother is the proper understanding of her womanly system and well-being. Every woman, young or old, should know herself and her physical make up. A good way to arrive at this knowledge is to get a good doctor book, such, for instance, as the "People's Common Sense Medical Adviser," by R. V. Pierce, M. D., which can readily be procured by sending twenty-one cents in one-cent stamps for paper-bound volume, or thirty-one cents for cloth-bound copy, addressing Dr. R. V. Pierce, at Buffalo, N. Y.

The change from maidenhood to woman-hood is one that involves the whole body. The strain at this time upon the blood-forming structures may be too great. Disorders of the functions peculiarly feminine are nearly always dependent upon defective nutrition. In all such cases Dr. Pierce's Favorite Prescription is just the vegetable tonie for the female system.

"I canuot express my thanks for the benefit I have received from Dr. Pierce's medicines."

"I cannot express my thanks for the benefit I have received from Dr. Pierce's medicines," writes Mrs. Julius Wehrly, of Cambridge, Do. chester Co., Md. "I took "Pavortie Prescription" and feet that a perfect cure has been effected. I feel like thanking you for the kind and fatherly letters which you wrote."

Dr. Pierce's Favorite Prescription was the first exclusively woman's tonic on the market. It has sold more largely in the past third of a century than any other medicine for women. Do not let the drug-gist persuade you to try some compound that has not had the test of so many years'

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription' when-ver a laxative is required.

You might say that we exaggerate when we say we have received a train load of goods in the past ten days, but we do not, and it was a good long frain at that. Our heavy purchases enable us to place before you a line of merchandise equalled in quality and prices by no other house.

St. Petersburg, Nov. 29.-The war office has received information from Chefoo that the Japanese assault on Port Arthur on Saturday was repulsed

General Kuropatkin reports that there has been active skirmishing on the left flank for three days. The opinion is now expressed by the general staff that the Japanese intend taking the offensive, as they cannot afford to wait until the Russians are further reinforced. It is held that the fighting to the eastward is doubtless with the purpose of feeling out the Russian positions preparatory to ar advance in that direction; but as there are about 7000 Russian troops southwest of Sintsintin, where the fighting occurred on November 26, and probably twice as many more in the mountains between Bentsitputze and Sintsintin, any Japa nese move from this quarter would entail serious fighting. At the same time correspondents at the front continue to scout the idea of serious fighting

being imminent. General Sakharoff yesterday tele-

raphed as follows: The Japanese attack on Tsinkhetchen was checked by our artillery fire. and the fighting ceased at 6 o'clock on the evening of November 27. At no point did the enemy advance nearer than within 600 paces of our positions In the midst of the battle a blinding

have been repulsed, the fighting still continues. The Japanese have succeeded in placing several big siege guns in position, with which they will be able to seriously harass the Russians.

St. Petersburg, Nov. 29.—Russia has accepted the invitation of the United States to conclude an arbitration

treaty on the lines of the American-French treaty. Considerable of the credit for the prompt action upon the proposal of the United States belongs to Charge d'Affaires Eddy. The existence of a treaty, or even a suggestion that such a step was contemplated is not generally known in St. Petersburg.

U. S. Asked For An Admiral. Washington, Nov. 29.-Count Casini, the Russian ambassador, and Sir Mortimer Durand, the British ambassador, called separately at the state department to present on behalf of their respective governments an invitation for the United States to appoint a "high ranking officer" as a member of the court of inquiry which will investigate the facts in the Dogger

Parker will appear to argue the first case it which he has made public appearance us counsel in many years.

The case in which he is to appear is that of Elizabeth Reich, plaintiffappellant, against Edith La Bau Dyer and Lillian La Bau Aymar, as executrix of the last will and testament of Alice V. La Bau, deceased. Mrs. L2 Bau was an aunt of William K. Vanderbilt, and the litigation grew out of a transaction concerning the Brent wood farm, adjoining the estate of Mr. Vanderbilt, in Suffolk county. The property was conveyed to Mrs. La Bau

by Mrs. Reich as security for a loan, it is claimed, with the understanding that it was subsequently to be purchased by Mrs. La Bau. The present suit is for the difference between the amount of the loan and the purchase rice, which was \$40,000. The amount involved is \$39,639 and interest since March 1, 1897.

Charles Strauss is the attorney of ecord in the case and has conducted it thus far. Judge Parker, it is stated, will argue it before the court of appeals at the request of Mrs. Reich's husband, whom he has known for

SHOT AT THE JUDGE

Preacher Tried to Kill Him For Granting Wife a Divorce.

San Francisco, Nov. 29.-Rev. Isaac Selby, of Australia, plaintiff in a damage suit, shot at Superior Judge Hebbard while the latter was on the bench. The bullet came within an inch of the judge's head, and lodged in the back of his chair. Selby was at once removed to prison and charged with an attempt to commit murder.

Selby recently was sued for divorce He conducted his own defense, but was unsuccessful, a decree against him being granted. Judge Hebbard, who issued the decree, was trying a case, when Selby arose from a seat in the court room and fired at the judge, who rushed from the bench and grappled with his assailant, preventing from firing another shot. For a time great excitement prevailed. When quiet was restored it was learned that

the judge had not been injured. Before being taken to his cell, Selby said: "I shot at Judge Hebbard, because that seems the only way for a man to get justice in this country. My only regret is that I seem to have bungled matters considerably. My intention was to kill him, but I was a

Italians in and around Carbondale to rid their colonies of the members of a lawless gang who have been committing many outrages, a street battle occurred at that place, which was atthe serious injury of a second man. Santo Carressi, one of the gang, was eaught by a constable in the act of holding up and levying tribute on one of the Italians of the colony. The constable and three of the law and order men started to take Carressi to jail. Word was quickly passed to the gang's headquarters in a nearby saloon, and four of them rushed out and opened fire on the constable and his posse

No trace has been found of the fugitive assailants.

Italians of the better class ar organizing a society to rid their colonies of the members of the lawless gang, which for the past year, and particularly for the past month have been committing outrages that would put the banditti of their nativ country to shame. The first practica step to the end in view was taken on Saturday, when a committee of the new organization furnished the Edger ton Coal company officials with the names of four members of the lawless band, and asked that they be discharged and evicted, which was done Two of the four left the colony. The other two secured quarters with par-ties who are suspected of being fellow members of the gang. The reformer will now try to have the company agree to banish from the colony any one who gice shelter to any member of The identity of most of the members

of the gang has been revealed by on of its number, who was shot in the thigh by the alleged leader last week in a dispute over tribute money which was secured from some terrorized fellow countrymen. It is believed that the gang is affil-

iated with the Mafia or some other like organization, as part of the tribut money is sent to headquarters in New York, according to the statements made by members of the gang when levying tribute.

Among the outrages recently perpe trated was the knifing of four men who refused to pay the tribute. In each instance the victim was called out of his house late at night and slashed across the face. Arrests have bee made from time to time by the Carbondale police, but in every case the parties who privately gave the information which led to the arrests could not be induced to testify in public, so fearful were they of the vengeance of

Eastport, Me., Nov. 29.-Ten Amerian fishing craft, including eight sail ing vessels and two steamboats, have been seized by the Canadian fisheries protective cruiser Curlew and fined for illegal fishing in the Canadian waters of a tributary of Passamaquoddy bay near St. George, N. B. Three specific charges were preferred against the vessels-that they had fished on Sunday; that they had illegally caught fish in their possession, and that they had seined illegally in Canadian waters. For the first two offenses each boat was fined \$100 and for the last \$200.

Not Expected to Make An Issue. Washington, Nov. 29.-Taking their ue from the statements contained in the Eastport dispatch, state department officials are not expecting the seizure of the American fishing vessels ernment of Canada and the United States. So far nothing has been heard about the matter except the unofficial information contained in the Asso ciated Press dispatch, which indicates an amicable disposition of the matter. In the present instance the question of extra-territoriality appears not to have been raised and the vessels were not confiscated, which has happened in the case of seizures heretofore made-either of these features usually being sufficient to make the settle ment of the controversy a matter of diplomatic negotiations.
